

## Do you know that good oral health starts at birth?

It's important to take care of a child's mouth before teething begins. Your baby should have a dental exam by 6 months of age.

**Parents, it's up to you to prevent tooth decay!**

If you have a child of any age (under 19) who needs a dentist, call us.

Marin Community Clinics in San Rafael has a beautiful new dental clinic with state-of-the-art technology.
