

Marin Community Clinics™

As the largest community health center in Marin, we play a major role in the county's health care network, serving people with insurance as well as those who are currently ineligible for insurance coverage. We provide evidence-based medical, dental, and behavioral health care as well as a wide range of specialty and support services.

Touching Lives Through Health™

PATIENT CENTERED MEDICAL HOME

We are a Patient-Centered Medical Home (PCMH). This model of healthcare prioritizes patients and their needs by providing comprehensive, coordinated, and patient-centered primary care. PCMHs emphasize the partnership between patients and their personal healthcare providers, and sometimes family members.

PAYING FOR SERVICES

We make quality health care affordable for everyone. We accept both private and public insurance programs.

NO INSURANCE OR CAN'T PAY FULL COST?

Your visit fee may be discounted according to our **Sliding Fee Discount Program**.
